Understanding Sargas International's Total Cost of Ownership

In compliance with the Office of the National Coordinator for Health Information Technology (ONC), Sargas International provides the following Price Transparency disclosure:

Sargas International's Chronic Care Management Cloud® Patient and Pharmacy Portals require certain hardware, services, and licenses to support the ONC Health IT Certified product, which may have costs in addition to the cost of the software, maintenance, and services contract.

- Hardware needs (e.g., work stations, servers, printers, fax) are client-specific one-time costs.
- There may be one-time service fees for interfaces with non-standard applications (e.g., laboratories, registries, local HISPS, HIEs, or non-QCPR secure messaging systems).

Purchase of Sargas International services require a contract and Annual subscription Fee. There also may be one-time fees for special local configurations, custom installation, support, or additional training.
